*Explanation of Other Funds:*

The Anchorage Park Foundation is the proud recipient of a five year grant from the Rasmuson Foundation to rehabilitate Anchorage parks.

**Detailed Project Description and Justification:**

In partnership with the Municipality of Anchorage Parks & Recreation Department, the Anchorage Park Foundation (APF) proposes to construct a gravel trail connection between the Davis Park playground and the popular McPhee Community Gardens. McPhee Gardens is a center for diverse community interaction, where members of the Mountain View community grow food, interact with their neighbors and enjoy the outdoors. These gardens are also home to the Refugee Gardens, where refugees in partnership with Catholic Social Services grow food.

This trail connection will enhance community connectivity, encourage neighborhood children to experience the natural green space in the park and encourage movement to and from the McPhee Community Gardens.

APF plans to engage Youth Employment in Parks conservation crews (ages 15-19) in building the trail in summer 2010 with technical leadership from the Parks & Recreation Department and Alaska Trails. Meanwhile, recreation crews will offer free recreation programming in Davis Park throughout the summer with support from the Anchorage Community Land Trust. Project partners expect to engage significant amounts of volunteer support to create this valuable recreation opportunity.

**Project Timeline:**

If funding becomes available, the Anchorage Park Foundation plans to construct this trail project in summer 2010. Expenditures will take place between May - September 2010.

**Entity Responsible for the Ongoing Operation and Maintenance of this Project:**
